Private Swim Lesson Registration

1. The individual setting is perfect for those children and adults who prefer a one-on-one learning environment. We offer private and semi-private lessons in packages of four lessons. Individual lessons may also be scheduled.
2. The Riviera Club has an extensive pool of instructors with varying degrees of experience and aquatic expertise. Select from two levels of instruction for your convenience. All instructors are Riviera employees and are fully knowledgeable in swimming skills and teaching progressions. Level 1 instructors are current lesson instructors with 1-3 years of experience. Level 2 instructors have over 10 years of experience teaching aquatics skills from our group swim lesson program and includes the coaching staff of the Riviera Swim Team who have over 100 years of combined teaching experience. Each level is able to tailor a program to the swimmer's abilities and goals.
